Subject to Lease/Licence – Lease/Licence Denied

Dear Mr. Carlton,

I refer to recent correspondence concerning the proposal by Shannon Foynes Port Company to carry out a jetty extension and pontoon relocation.

The intention of the Port Company to apply to Limerick County Council for planning in respect of this proposal is noted, and this Department has no objection to the application. Please note that, regardless of the outcome of the planning process, appropriate consent under the Foreshore Act 1933, as amended, would also be required for the proposed development. No works may be carried out on the foreshore unless appropriate foreshore consent has been granted in advance.

For avoidance of doubt, this letter refers only to the proposed jetty extension and pontoon relocation in the vicinity of the West Quay as referenced above, and to no other existing or proposed development on State owned foreshore at Shannon Foynes Port.

In the interim please note that I have no authority express or implied to bind the Minister and no consent shall exist or be deemed to exist until a foreshore consent, if granted by the Minister and agreed between the parties, is executed by both parties and exchanged and all/any monies due to the Minister are discharged in their entirety.

Yours sincerely,

Roger Harrington
